

BIRD DROPPINGS October, 2007

Hello to All Our Members at Lady Bird:

COURSE CONDITION

What beautiful shape our course is in at this time of year. Everybody comes in and comments on it. Our maintenance group has really been put to the test this year! All the flooding damage and all the rain has put them into a tail-spin trying to keep up with all the clean up and all the mowing. They have done an excellent job! My hat certainly goes off to them!

The bridge on #5 is coming along well. It won't be long before we are using it again. Just be patient a couple of weeks more.

FROM SHELLY'S NEST

I know all of you scratch your head about this time every year when the course is at its very best, and ask why are we tearing it up? As much as we hate it ourselves, it is very important we prepare for the coming winter. It is a shame, but it is an absolute must in order to prepare the greens and tee boxes for what Mother Nature will bring.

We are finally winding down on tournament play for the year. The MGA, SSMGA and LGA still have their scheduled tournaments until the end of the year, but the large tournaments are just about over. We are hosting the Texas Sr. Ladies Association the first week in October. These 120 ladies come from all

over the state. We are really pleased that they picked Lady Bird to host their Fall Championship.

Till next month,

Shelly
